SCIENCE ORIENTATION WEEK 2017

Induction Sessions – Degrees don’t grow on trees
The Joint Colleges of Science Induction sessions provide an opportunity for undergraduate students to meet and hear from First Year Conveners and later year students. During the sessions information will be shared about what to expect during your first semester of study, including course structure, helps support and tips on adjusting to university life as a first year student. We strongly encourage you to join us and your class mates for the Induction and Academic Advice sessions held throughout O-Week.

Science Teaching Building
Building 136, Linnaeus Way, Level 3, Seminar Room 1

Program and Course Advice Sessions
The Joint Colleges of Science Academic Advice sessions provide an opportunity for students to talk one-on-one with a Science Sub Dean and Lecturers from each of the different Schools about courses on offer and help with your course selection. Please come and meet with us to talk about your study interests, course choices and any other questions you may have about your program. For details on program and course requirements and/ or major, minor and specialisation requirements please visit:
