

## Worksheet

### Experiment 1

Baseline measurement:

Parts of the plant (e.g. Top, Middle and Bottom)	Temperature

### Experiment 2

Heat Treatment to specific part of the plant:

Time	Baseline measurement (initial temperature)	Heat treatment	Time taken to return to baseline temperature
5 mins			
10 mins			
15 mins			

### Experiment 3

Cold Treatment to specific part of the plant:

Time	Baseline measurement (initial temperature)	Cold treatment	Time taken to return to baseline temperature
5 mins			
10 mins			
15 mins
